Materials:

- Batch of salt dough: Mix together 4 cups of flour, 1 1/2 cups of salt, 2 cups of water, and 1 tablespoon of oil.
- Cross (made of small sticks) to be inserted into tomb.

Directions:

1. For the cave, use one part of dough to around an empty can.
2. Place a slit at the top of a closed end (this will be the holding space for the cross)
3. Use another part of the dough to form a stone that the tomb will sit on.
4. Bake both the stone and can mold at 350 degrees.
5. Allow baked dough items to cool for a few hours before cutting the top off and then inserting the cross
